To Whom It May Concern:

This letter is in reference to I-KOTA. The I-KOTA team is currently our contractor renovating Mt. View Tower & Eliot Cottages for Denver Housing Authority. Our project is still currently ongoing and is scheduled for completion by August 2013. Our property consists of an occupied senior and disabled community. I-KOTA has proved to be professional, reliable and a VERY accommodating company. They have been extremely helpful and courteous not only to our onsite staff but to our residents that still occupy the buildings throughout this renovation process.

We are provided detailed information on what is taking place, what if any current issues we are having on an ongoing weekly basis; the I-KOTA team is very attentive to the currently housed residents needs during this renovation. It is a great work experience working with a company that took into consideration not only our onsite staff but also our currently housed senior and disabled residents needs.

If you have any questions or would like additional information please call me at 720-946-6091.

Sincerely,
Jodi Torres,
