To Whom It May Concern,

This letter is in reference to I-Kota, Inc. We were currently hired to replace the roof on the Mountain View Apartments project. I-Kota was very good to work with through all facets of the project. I am extremely pleased with their willingness to answer any questions in a timely manner. They were also very professional when any issues arose.

I have been impressed by the overall dedication to the project. I-Kota's staff treated this project like it was their own living situation, and this was reflected in the project's success.

I-Kota is a top-notch company, and I look forward to working with them on future projects.

Sincerely,
